***'Growing thoughtful learners and independent thinkers'***

Friday, 08 March 2024

Finally, the sun has come out!

School has been a very exciting place to be in the last two weeks and there has been so much going on, it is difficult to remember it all!

Let's start with today and then work back! We celebrated World Book Day at Summerlea and thank you to all the effort that went in to the costumes - the children all looked fabulous. The English team at school put together lots of fun activities all week from competitions to a staff performance today - I hope your children enjoyed the experience!

Yesterday saw the children all have their group school photos - their behaviour was superb throughout and hopefully they all come back looking beautiful! The photography company actually commented on how incredible the children were. This is lovely to hear.

LOTS of sporting news these past two weeks. Our Years 3 and 4 football team finished 4th in the LASP event, only losing one game and beating the top 2 teams! Unfortunately, they just drew too many matches, but we have high hopes for the team at school. The Albion Cup event waits for some of them in the coming weeks. We sent a team of gymnasts to the local event - for some of these children it was the first time representing school at gym - and Miss Walker said their behaviour, attitude and 'enthusiasm' was unrivalled! See ClassDojo report for the wonderful netball news!

Parents' Evening takes place in the week beginning the 18th of March. We look forward to welcoming you into school to talk about your child's progress with their teacher. When you arrive at the front of the school, the English team have set up a survey to canvas your views on reading across the school.

Finally, a reminder that it is Red Nose Day on Friday 15th March. Children can come into school in their own clothes in exchange for a small donation. On the uniform note... please could you ensure that children are coming into school in the correct uniform. An increase in coloured trainers, jogging bottoms and sports leggings (branded) are creeping in. Please could you be vigilant on this matter. Uniform is important and we must keep our standards high on this issue.

Enjoy your weekend!

Mr Todd

### **Red Nose Day**

## Autism and Social Communication Advisory Team

### Exploring Autism for Parents and Carers

A new and updated programme  
offering up to date thinking and links  
to research-based evidence for parent  
carers of autistic children  
and young people.

Sessions to explore Autism and strategies to support acceptance, empowerment, and relationships in family life.

**Are you a parent/carer of a child or young person, aged 8-16 years, who is autistic or on the social communication pathway and have not attended this course before?**

This NEW programme has been redeveloped to ensure that it is current and up to date. The course is an excellent source of information for those new to Autism or for those requiring a little more in-depth knowledge. Parent carers and the facilitators will learn and collaborate together. The programme is free of charge to families of children in West Sussex maintained schools and academies, at this time.

#### Course aims:

- to give a broad and balanced and positive view of how autism and social communication differences may impact on the child/young person's life and that of the family.
- to explore key practical strategies that can support autistic children.
- to provide a forum for families to share their experiences and expertise together.

#### Course outline:

The six sessions will be focused on both theoretical and practical aspects of autism and the resulting strengths and challenges. These recorded sessions can be watched when convenient to the family, followed by the one hour weekly group meeting. This provides opportunity to participate in discussions and ask questions via an online platform. We ask that parents attend each of these weekly online discussion groups.

In order for participants to fully benefit from this course we ask that they attend **all** sessions.

#### Topics covered by session:

##### Session 1: Autism Acceptance

Develop understanding of autism, discuss experiences of getting a diagnosis and identify how autism can affect families.

##### Session 2: Communication

Develop understanding of communication difficulties and strategies to improve communication and interaction skills for the autistic child/young person.

##### Session 3: Sensory Needs

Consider how sensory information and experiences may be processed differently by those who are autistic, share strategies to help with sensory differences.

##### Session 4: Anxiety

Improve understanding of the signs of distress that autistic young people may display and consider approaches to support self-regulation.

##### Session 5: Social Thinking and Masking

Explore the differences autistic young people may have with socialising and developing relationships. Look at ways to develop social thinking, explore the idea and impact of masking.

##### Session 6: Adolescence and Independence

Consider ways to encourage independence and manage adolescence challenges including puberty, sensory impact and social differences.

#### Exploring Autism Welcome Video:
