

Year 5 Daily Activities - Day 1

Maths:

1) $0.7 + 0.8 =$

2) Which of these fractions is equivalent to a half? $\frac{1}{3}$ $\frac{2}{5}$ $\frac{3}{6}$ $\frac{4}{9}$ $\frac{5}{8}$

3) $42 \div 6 =$

4) Write down the number eighteen thousand and twenty-seven

5) Fill in the missing number $4081 = 4001 + \underline{\hspace{2cm}}$

Fractions:

Work out the answer to Amir's statement and explain your answer.

Amir says,

$\frac{28}{3}$ is less than $\frac{37}{5}$
because 28 is less than
37

Writing:

To begin we would like you to write a review of your Forest Schools experience so far using the questions below and the toolbox on the next page.

1. What is Forest school and why do we take part in Forest school?
2. What skills do we learn in Forest Schools?
3. What activities did you enjoy the most or were the most popular? Why do you think that?

(Whittling, fire-starting, den-building, Macbeth clay figures, Macbeth role play, food and drink preparation -hot chocolate/toast), team building, obstacle course, nature trail,

4. What star rating would you give and why? Would you recommend it to another school?

Home Project:

During your time at home, we would like you to think about next term's big question 'Why does it matter?'. We would like you to pick an animal which has been affected by plastic pollution and create a piece of artwork from recycled materials which represents your animal (for example a turtle made from bottle tops). Alongside this, please create a fact page/booklet with more information about your chosen animal.

Review toolbox

Opinion

Modal verbs

Summary of main parts

Relative clauses

Information about the main characters

Parenthesis

Rating

Answers to arithmetic questions

Day 1:

- 1) 1.5
- 2) $\frac{3}{6}$
- 3) 7
- 4) 18027
- 5) 80

<p>Amir says,</p> <p>$\frac{28}{3}$ is less than $\frac{37}{5}$ because 28 is less than 37</p> <p>Do you agree? Explain why.</p>	<p>Possible answer</p> <p>I disagree because $\frac{28}{3}$ is equal to $9\frac{1}{3}$ and $\frac{37}{5}$ is equal to $7\frac{2}{5}$</p> <p>$\frac{37}{5} < \frac{28}{3}$</p>
