

Happy birthday Phoebe and happy birthday for tomorrow Amelia! We hope you both have amazing days celebrating 😊

Maths

Can you share the leaves equally between the mini beasts?

Can you now create your own for a different amount of leaves? What do you need to make sure about the number you choose so that you can share it equally?

English

Please complete pages 16 and 17 of the booklet. You may want to take these activities over the weekend as it involves cooking! Yum!

If you have trouble finding any spider inspired recipes on the internet here are some ideas:

✓ Vegetarian

## Ingredients

- 70g butter, softened
- 50g peanut butter
- 150g golden caster sugar
- 1 medium egg
- 1 tsp vanilla extract
- 180g plain flour
- ½ tsp bicarbonate of soda
- 20 peanut butter cups, Rolos or Maltesers
- 100g milk chocolate, chopped
- icing eyes, or make your own

## Method

1. Heat oven to 180C/160C fan/gas 4 and line two baking sheets with parchment. Using an electric hand whisk, cream the butter, peanut butter and sugar together until very light and fluffy, then beat in the egg and vanilla. Once combined, stir in the flour, bicarb and ¼ tsp salt.
2. Scoop 18-20 tbsps of the mixture onto the trays, leaving enough space between each to allow for spreading. Make a thumbprint in the centre of the cookies. Bake for 10-12 mins or until firm at the edges but still soft in the middle – they'll harden a little as they cool. Leave to cool on the tray for a few mins before topping each biscuit with a peanut butter cup, Rolo or Malteser. Transfer to a wire rack to cool completely.

3. Heat the chocolate in the microwave in short bursts, or in a bowl set over a pan of simmering water, until just liquid. Scrape into a piping bag and leave to cool a little. Pipe the legs onto each spider, then stick two eyes on each. Leave to set. Will keep for three days in an airtight container.

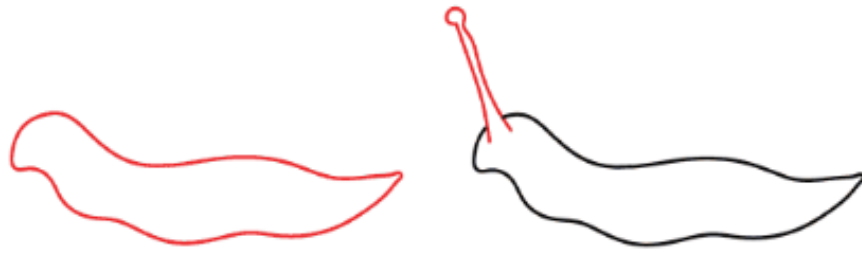

Have a go at making a spider inspired sandwich!
