### MATHS

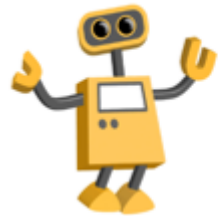

Would you rather have twenty 5p coins or one £1?

Explain your answer. Show your thinking clearly.

Would you rather have eight 20p coins or fifteen 10p coins?

Explain your answer. Show your thinking clearly.

6,932p

2,135p

4,863p

3,921p

Convert the money into £'s and put in ascending order.

### ENGLISH

Guess What? Today you are going to write your fourth paragraph. Make sure your main character thinks about what her family and friends need. Here's my fourth paragraph. Use it to help you write yours.

So that night Zoe returned home and tried to listen to what her heart desired. On the one hand, her mum could not walk so it would be wonderful if she could be cured. On the other hand, Zoe's family were so poor that their roof was leaking in two places, so they really needed money for a new house. Zoe dreamed of having a puppy of her very own. She wanted all of these things, but there was only one wish. How was she going to decide?

Check your punctuation and spelling.

### Science

Floating and sinking fun!!

Choose ten small items from your home. Predict which will float and which will sink to the bottom. Guess – will it sink straight away? Will it bob just below the surface? Draw your results in a table.
