

Tuesday 9th June

Hello Year 2.

Have you checked on this week's spellings?

We are looking at homophones and near homophones.

(homophones are words that sound the same but are spelt differently), such as

sun/son

bare/bear

be/bee

one/won

quiet/quite

Can you think of any others?

Can you explain their different meanings?

Can you put them into sentences? (Say them or write them)

Year 2 Daily Activities

Writing: Write your entry in your daily diary.

Today we would like you to reread the glossary on page 7 of your Talk for Writing 'rainbows' home-school booklet.

Can you explain to someone what a glossary is?

Now try the vocabulary challenges on page 8 of your booklet.

How good are your explanations?

Maths:

Today we would like you to complete Lesson 2 - ordering lengths.

Watch the video first and then complete the activities.

Topic:

We are going to be thinking more about animals this week.

Watch this video clip about food chains -

<https://www.bbc.co.uk/bitesize/clips/z96r82p>.

Can you make your own short food chain? You could use some of the pictures on the next page to help you.
