## Maths

How are you finding the White Rose Maths?

Today we would like you to complete Lesson 1 - Area of rectangles.

Watch the video first and then complete the activities. Don't forget to post your work on your Dojo Profile page 😊

## English - One Chance

This week we are continuing with our Talk for Writing booklet - *One Chance*. Look at page 13 - choose some of your favourite words from the list on page 12 and have a go at using them in a sentence.

We are looking for high quality sentences. Remember to edit and improve them until you are happy.

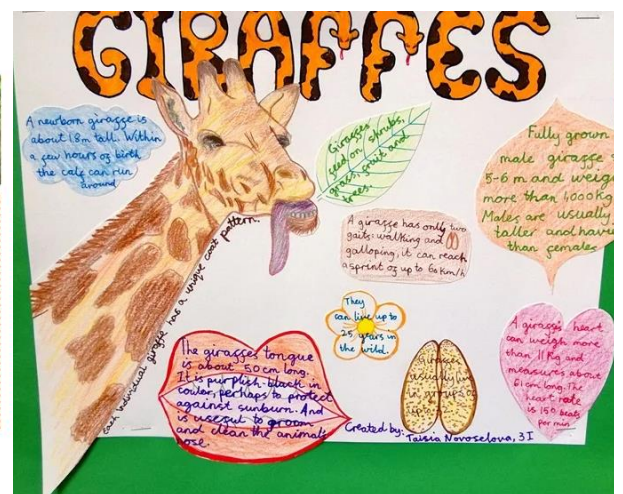

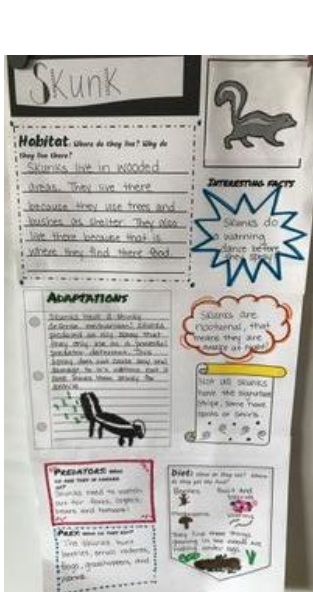

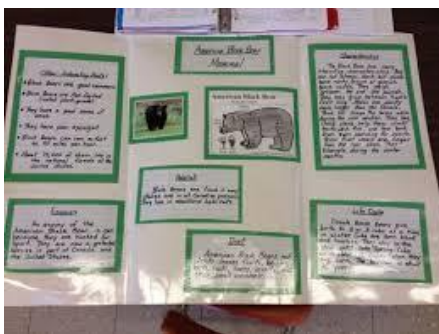

# Mini Project - (22<sup>nd</sup> - 26<sup>th</sup>) Design your animal

For today, tomorrow, Wednesday and Thursday we would like you to create a *new* animal that would suit your chosen environment. E.g. big feet to walk on ice, lots of blubber to keep warm, long neck to reach its food, armored plates on its back to protect it from predators, eyes on the side of its head to allow for greater peripheral vision etc.

Draw your animal and annotate each part of it, explaining in detail why you have chosen that feature.

Don't forget to include any additional information about your animal. What does its habitat look like, what does it eat, does anything eat it?

Please present your information in the most creative way you can think of.
