

Year 5 Daily Activities-Week 11 Day 2 - 23.06.20

Hello fantastic Year 5,

How quickly can you recite your 12 \times tables up to $12 \times 12 = 144$?

Can you beat your time and say it even quicker? What about saying it backwards? Now have a go at using the answers to say the inverse (division) questions e.g. 144 divided by 12 is 12.

Maths

How did you get on with your Maths yesterday?

Today we would like you to complete White Rose Lesson 2 - Equivalent fractions.

Watch the video first and then complete the activities. Good luck!

Don't forget to continue login into TTRockstars and My Maths!

English - One Chance

Today we would like you to complete pages 14 and 15 of the Talk for Writing home-school booklet.

Likes, dislikes, puzzles & surprises!

Now that you have read the story what did you like about it? What did you dislike about the story? What puzzled you? What do you want to know? What did the story remind you of?

Mini Project - (22nd - 26th) Design your animal

How have you been getting on with your mini project? What does your animal look like? How is it suited to its environment? E.g. Does it have big feet to walk on ice, lots of blubber to keep warm, long neck to reach its food, armored plates on its back to protect it from predators, eyes on the side of its head to allow for greater peripheral vision?

Draw your animal and annotate each part of it, explaining in detail why you have chosen that feature.

Don't forget to include any additional information about your animal.

What does its habitat look like, what does it eat, does anything eat it?

Please present your information in the most creative way you can think of.
